Issue 4, Volume 5 2009 © The Power of Choice Publishing

A FEW HISTORICAL MISPERCEPTIONS

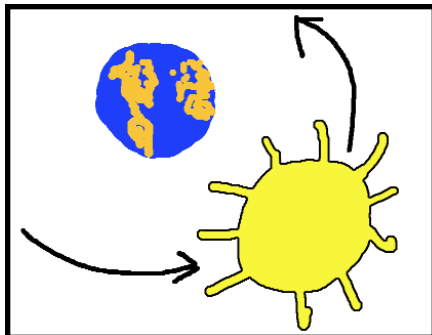

AND

THEIR EVENTUAL CORRECTIONS:

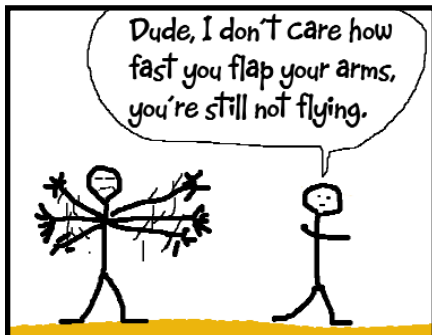

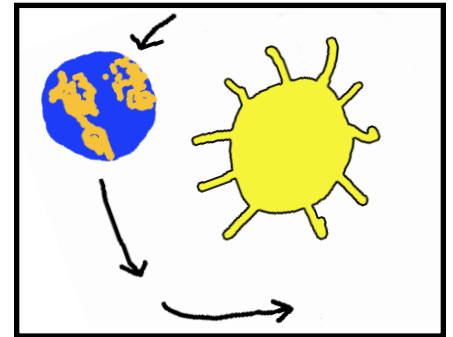

The earth is flat

1492 - Columbus sails the ocean blue and does not fall off the edge

The sun rotates around the earth

1543 to 1610 - Galileo and Copernicus prove the earth rotates around the sun

People can't fly

1903 - The Wright Brothers fly a plane at Kitty Hawk

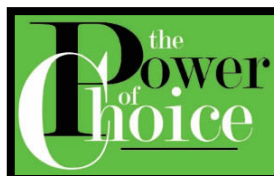

Everybody drinks in high school

2009 - The Power of Choice surveys District 203 & 204 High School students and discovers that 71% of students have been alcohol-free in the past month.

Hard to believe? That's OK. Galileo was excommunicated for being right.

Sometimes it takes a while for the truth to catch on.

The Power of Choice is a project of NCO Youth & Family Services, Naperville School District #203, Indian Prairie School District #204, the Naperville Police Department, DuPage County Health Department, Linden Oaks at Edward, Heritage YMCA Group, KidsMatter, Gateway Foundation, Inc., and District 203 & 204 parents. Survey and data analysis provided by the Center for Prevention Research & Development at the University of Illinois. Funded in part by the Department of Human Services. www.ThePowerofChoice.info
